ORCID: 0000-0002-9290-014X

1 EDUCATION

2019/03 **Doctor of Philosophy (PhD)** in "Geology"
Technische Universität Bergakademie Freiberg, Germany

- Thesis: "Paleogeographic and Structural Control on the Arcuate Variscan Belt"
- Supervisors: Dr Uwe Kroner (Technische Universität Bergakademie Freiberg) and Prof Dr Rolf L. Romer (Geoforschungszentrum Potsdam)

2013/09 **Master of Science (MSc)** in "Geosciences" (major: Tectonics and Geochronology)
Technische Universität Bergakademie Freiberg, Germany

- Thesis: "Variscan Tectonics of the Schwarzburg unit (Central European Variscides): From a transform plate boundary zone to an orogenic wedge"
- Supervisor: Dr Uwe Kroner (Technische Universität Bergakademie Freiberg)

2010/09 **Bachelor of Science (BSc)** in "Geology and Mineralogy"
Technische Universität Bergakademie Freiberg, Germany

- Thesis: "Structural geology and sedimentology of the Tanne Greywacke Zone, Harz Mts., Germany"
- Supervisor: Dr Uwe Kroner (Technische Universität Bergakademie Freiberg)

2 PROFESSIONAL EXPERIENCE

since 2024/09 **Lecturer**
Lakehead University, Department of Geology, Thunder Bay, ON, Canada

since 2023/04 **Postdoctoral associate**
Lakehead University, Department of Geology, Thunder Bay, ON, Canada
Project: "Structure, petrology, geochemistry, and geochronology of the Moss Lake Au deposit, Northern Ontario, Canada" — NSERC Alliance Grant
Advisors: Dr Noah J. Phillips, Dr Peter Hollings

2020/12–2022/11 **Postdoctoral associate** (DFG Research Fellow)
University of Calgary, Geo- and Thermochronology Research Group, Department of Geoscience, Calgary, AB, Canada
Project: "Developing a statistical approach to analyze large paired geo-thermochronological datasets with an application to the Canadian Cordilleras" — DFG Research Fellowship
Advisor: Dr Eva Enkelmann

2020/03–2020/11 **Postdoctoral associate**
Friedrich-Alexander-Universität Erlangen-Nürnberg, Geozentrum Nordbayern, Erlangen, Germany
Project: "Integrated geophysical–structural–kinematic analysis of the fault patterns in Northern Bavaria" — LfU Bayern & ERDF
Advisors: Dr Daniel Koehn, Dr Harald Stollhofen

2019/09–2019/12 **Teaching assistant** for "Special Topics in Geomodelling"
Technische Universität Bergakademie Freiberg, Institute for Computer Sciences, Freiberg, Germany

2014–2018 **Research assistant**
Technische Universität Bergakademie Freiberg, Institute for Geology
Projects: "Developing a method for three dimensional forecasting of covered mineral deposits on the example of the Erzgebirge" — BMBF ZIM and "Granite related mineralization of strategic metals (GEM) – conditions of mineralization and search criteria for hidden ore bodies" — BMBF r4

2014/01–2014/06 **Geologist**
Beak Consultants GmbH (Germany / Tanzania)
Field work in Tanzania, compilation for metallogenic database of Tanzania, GIS training to the staff of the Geological Survey of Tanzania, Dodoma, Tanzania

2009–2013 **Lab assistant**
Technische Universität Bergakademie Freiberg, Institute for Geology
Rock processing and mineral separation for geochronological and thermochronological analyses (Ar–Ar, fission track, U–Pb)

2011/07–2011/09 **Teaching and research assistant (IAESTE student exchange)**
Mongolian University of Science and Technology, Ulaanbaator, Mongolia
Field work in ophiolitic sequences of Western Mongolia focusing on local and regional scale structures

2007/05–2007/06 **Student internship**
GFZ German Research Center for Geosciences Potsdam, Department for Geomagnetism, Potsdam, Germany
Contribution to the IGRF Declination Calculator, an online software for estimating the magnetic field declination, inclination, and intensity for any location on Earth and times since 1990

3 TEACHING EXPERIENCE

3.1 Previous taught courses

2025/01–2023/04 Geology Case Studies
Lakehead University, Department of Geology, Thunder Bay, ON, Canada
Course level: undergraduate | lecture hours per week: 3

2024/09–2024/12 Structural Geology & Tectonics
Lakehead University, Department of Geology, Thunder Bay, ON, Canada
Course level: undergraduate | lecture hours per week: 3

2023/10 Short course: "Plate motion and deformation of the lithosphere" (1 week)
Department of Geology, Technische Universität Bergakademie Freiberg, Germany Course level: postgraduate-graduate | number of students: 20 | lecture hours per week: 20

2022/09 Short course "Programming with R — A Beginners' Guide for Geoscientists" (1 week)
University of Calgary, Department of Geoscience, Calgary, AB, Canada
Course level: graduate | number of students: 8 | lecture hours per week: 12

2022/01 Guest lecture: "Structural geology"
University of Calgary, Department of Geoscience, Calgary, AB, Canada
Course level: undergraduate | number of students: 23 | lecture hours per week: 1

2019/09–2019/12 3D Modeling in Earth Sciences
Institute for Computer Sciences, Technische Universität Bergakademie Freiberg, Germany
Course level: undergraduate | number of students: 20 | lecture hours per week: 4

2017/10–2018/03 Specific Topics of Applied Geomodelling
Department of Geophysics and Geoinformatics, Technische Universität Bergakademie Freiberg, Germany
Course level: undergraduate | number of students: 20 | lecture hours per week: 2

2015–2018	Teaching assistant for field course "Strucutral Geology" *Department of Geology, Technische Universität Bergakademie Freiberg, Germany*
2014/01–2014/05	Digital maps and GIS courses *Geological Survey of Tanzania, Dodoma, Tanzania*
2011/07–2011/09	Teaching and field work assistant during geological mapping courses in Khangai Mnts., Mongolia *Mongolian University of Science and Technology, Ulaanbaator, Mongolia* Course level: undergraduate | number of students: 40

3.2 Student Mentorship

Graduate level:

4	Tiitto, H. "The Quetico Fault System: Insights into crustal-scale structures within the brittle-ductile regime" Degree: Master of Science. Started: 2024/06, *Lakehead University, Thunder Bay*
3	Perez, A. "Petrology and Geochemistry of the western Shebandowan Greenstone Belt (Superior Province, Northern Ontario, Canada)" Degree: Master of Science. Started: 2023/04, *Lakehead University, Thunder Bay, Canada*
2	Nwakanma, M. "Alteration and mineral paragenesis of the Moss Lake gold deposit (Shebandowan Greenstone Belt, Superior Province, Northern Ontario, Canada)" Degree: Master of Science. Started: 2023/04, *Lakehead University, Thunder Bay, Canada*
1	Müller, F. "Tectonic 3D model of the Berga Antiform, Saxothuringian Zone, Germany" Degree: Master of Science. Completed: 2018/04/30, *Technische Universität Bergakademie Freiberg, Germany*

Undergraduate level:

7	Tiitto, H. "Anatomy of an Archean terrane boundary: Structural analysis of the boundary between the Quetico and Wawa Subprovinces (Superior Province)" Degree: Bachelof of Honours. Started: 2023/08, *Lakehead University, Thunder Bay, Canada*
6	Lippke, H. "Geology of Cornwall" Degree: Bachelor of Science. Completed: 2018/03/12, *Technische Universität Bergakademie Freiberg, Germany*
5	Trilsch, F. "3D model of the Eibenstock Granite" Degree: Bachelor of Science. Completed: 2018, *Technische Universität Bergakademie Freiberg, Germany*
4	Hartmann, C. "Variscan tectonics of Devonian synorogenic sediments in Northwestern Cornwall / UK" Degree: Bachelor of Science. Completed: 2017/12/19, *Technische Universität Bergakademie Freiberg, Germany*
3	Miebach, I. "Geology of the Ollo de Sapo formation of Iberia — A compilation of tectonic, geochronological, and geochemical data" Degree: Bachelor of Science. Completed: 2017/07/20, *Technische Universität Bergakademie Freiberg, Germany*
2	Unger, A. "Tectonics of low-grade metasedimentary rocks of the Vogtland near Klingenthal" Degree: Bachelor of Science. Completed: 2016/11/21, *Technische Universität Bergakademie Freiberg, Germany*
1	Roethe, R. "Structural geology and petrography of the Eibenstock granite" Degree: Bachelor of Science. Completed: 2014/09/25, *Technische Universität Bergakademie Freiberg, Germany*

3.3 Additional Training

since 2024	Organization of the weekly *Structural Geology Seminar* at Lakehead University
2021–2022	Organization of the weekly *Thermochronology Seminar* at the University of Calgary
2018	Organization and field trip co-leader, *Variscan tectonics of Cornwall, SE Britain*
2016	Organization of the international workshop *Late Paleozoic tectonic and magmatic evolution of the Erzgebirge Complex, Germany*, assistant and field trip co-leader

4.3 Other academic articles

Book — Legler, C., Barth, A., Knobloch, A., Mruma, A. H., Myumbilwa Y., Magigita, M., Msechu, M., Ngole, T., Stanek, K. P., Boniface, N., Kagya, M., Manya, S., Berndt, T., Stahl, M., Gebremichael, M., Dickmayer, E., Repper, C., Falk, D., and Stephan, T. (2015): "Explanatory Notes for the Minerogenic Map of Tanzania 1:1,5 M.", *Geological Survey of Tanzania*. ISBN: 978-9987-477-94-4

5 INVITED PRESENTATIONS

2022/10/18 — Lakehead University, Geology Seminar Series

2022/05/11 — Geological Survey Canada, McConnell Club Talks

6 SOFTWARE DEVELOPMENTS

`tectonicr` — Free and open-source R package for modeling and analyzing the direction of the maximum horizontal stress using relative plate motion (doi: 10.5281/zenodo.8372508).
Package website: `https://tobiste.github.io/tectonicr/`
Download: `https://CRAN.R-project.org/package=tectonicr`

`structr` — Free and open-source R package for analyzing and visualizing orientation data for structural geology. `https://github.com/tobiste/structr`

`ptrotR` — Free and open-source R package for plate motion reconstruction. `https://github.com/tobiste/ptrotR`

`laftr` — Free and open-source R package to calculate the ages from LA-ICP-MS based fission track dating using the zeta approach. `https://github.com/tobiste/laftr`

`euler` — Free and open-source R package for describing plate motion in terms of quaternions. `https://github.com/tobiste/euler`

`euler.reco` — Free and open-source R package. Provides algorithms to find and evaluate the Euler pole solution describing the orientation of geological structures. `https://github.com/tobiste/euler.reco`

7 FUNDING, GRANTS, AND AWARDS

Grants — 2020–2022 DFG Research Fellowship (85 000€) — *German Research Foundation (DFG)*

2016 Travel grant (750€) — *Centre of Advanced Study and Research Freiberg*

2013 Travel grant (500€) — *TU Bergakademie Freiberg Association of Friends*

2009 IAESTE Internship stipend — *International Association for the Exchange of Students for Technical Experience (IAESTE)*

Awards — Poster award at *CETEG2015*, Kadaň, Czech Republic, 2014

8 PROFESSIONAL SERVICES AND MEMBERSHIPS

Memberships — The Geological Association of Canada (GAC), Canadian Tectonics Group (CTG)

Reviewer for journals — Geology, Gondwana Research, Terra Nova, Geological Society of America, Scientific Reports, Proceedings of the Geologists' Association, Basin Research, Lithosphere

Reviewer for grant proposals — National Science Center, Poland

Committee board member Jack Henderson Best PhD Thesis Award from the Canadian Tectonics Group of the GAC (since 2023)

Session Chair *GAC-MAC-PEG 2024* (Brandon, MN, Canada): "It's our fault! Geological and geophysical insights into fault and shear zone processes"

9 OUTREACH, VOLUNTEER AND EXTRACURRICULAR ACTIVITIES

Talaria Summer Institute (TSI) — a free summer STEM research mentorship program for female and genderqueer students (July 2022)

"MINT-Camp Future Skills" — Outreach program to high school students: I taught and demonstrated 3D modelling, visualization and applications in geosciences.

International Association for the Exchange of Students for Technical Experience (IAESTE), local committee Freiberg: I mentored international student during their stay as an intern/exchange student (2010–2013)

November 21, 2024
